

List of Old Models

Many different models of Sonicators have been manufactured over the past 40 years. From the early 1960's to 1985 we operated under the name Heat Systems Ultrasonics. Several of these units were made under the Heat Systems label. A few were private labeled for Fisher Scientific.

<u>Model #</u>	<u>Power/Watts</u>	<u>Features/Converter</u>	<u>Years Made</u>
S-3000	600	Auto-Tuning/CL5	2000-Present
XL-2020	550	Pulsing & Timing/CL4	1990-2000

W-185 F	150	Manual Pulse / H-1	1976-1978
W-140 C,D,E	100	Manual Pulse / "L"	1965-1968

Units with an "F" prefix such as F-550 and F-60 were made by Misonix but sold under the Fisher Scientific brand name.

Qsonica can provide replacement probes for most units. Repair services are available for most items made after 1990. Trade-in discounts are available if you wish to upgrade your old unit for a newer model.
